Ajinkya Kahane

9765690192 | kahaneajinkya051@gmail.com | Jalgaon, Maharashtra

Summary

I have experience developing websites, both **front-end** and **back-end**. Additionally, while working on my startup, OnlyMess, I gained skills in **market research, marketing, social media management, digital marketing, and performance marketing**. This makes me a strong fit for any startup, as I am well-versed in the fast-paced environment. I am now seeking opportunities to dive deeper into startup culture.

Experience

OnlyMess | Jalgaon, Maharashtra
Founder | 12/2023 - 05/2024

- Developed and Deployed **a Full-Scale** Meal Service Platform that works on subscription basis and eases lives of students.working professionals & senior citizens. Deployed it's **backend** on **AWS** EC2 and hosted it's **frontend** on GoDaddy.
- Conducted Comprehensive **Market Research** necessary for building the foundations for the business.
- Designed and Implemented **Marketing Funnels** to help convert prospects into leads and leads into paying customers.
- Managed **Social Media** and **Performance Marketing** campaign .
- Executed **Sales Strategies** for Mess Management Software by visiting messes and demonstrating them our software.
- Ensured High-Quality **Service Delivery of** meals (lunches and dinners) to our initial paying customers

Renocrew Solutions | Jalgaon, Maharashtra
Senior Frontend Developer | 07/2023 - 11/2023

- Crafted **Engaging User Interfaces** using Next JS, GSAP, Framer Motion and similar such libraries.
- Enhanced **User Experience** of pre-existing front-ends, prioritised tasks and delivered them smoothly and within deadline.
- Upscaled myself with the current industry standards while working for clients all over the world.
